RE: File #2001-02527

Dear Ms. Tarpley:

The Department of Environmental Services ("DES") has received photographs and copy of a bill for revegetation of the above referenced property, more specifically referenced on Town of Wakefield Tax Map 20 as Lot 82 (the "Property"). The purpose of this documentation was to determine compliance with RSA 482-A, RSA 483-B, and applicable rules adopted under these statutes, and specifically whether the deficiencies noted in the Letter of Deficiency issued on August 8, 2001, have been addressed.

As a result of this information, it was determined that the deficiencies described in the Letter of Deficiency have been corrected. DES will close its enforcement file regarding the Property at this time. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the Property.

Please be advised that further work in wetlands, waters of the state, the upland tidal buffer zone, the bank, flat, sand dune, or other areas of jurisdiction of the Department requires a posted, approved permit prior to carrying out such work.

Thank you for your assistance to bring this matter to a resolution. Should you have any questions, please contact the Wetlands Bureau at (603) 271-2147.

Sincerely,

Allyson L. Gourley
